FORMERLY USED DEFENSE SITES (FUDS)
DECEMBER 1993
HNC REVISION: 14 APRIL 1997
TAG REVIEW DATE: 17 APRIL 1997**

1. **SITE NAME:** Cleveland Plant

SITE NUMBER: G05OH099000

LOCATION:

City: Cleveland
County: Cuyahoga
State: Ohio

PROJECT NUMBER: G05OH099004

CATEGORY: CWM

INPR RAC: 2

ASR RAC: 1

TAG RAC: 2

2. **POC'S:**

TECHNICAL MANAGER:

Name: Richard L. Pike
Office: CEHNC-OE-DC
Phone: 256-895-1559

GEO DISTRICT POC:

Name: John Hall
Office: CEORN-ER-M
Phone: 615-736-5966

GEO DIVISION POC:

Name: J. Wayne Mello
Office: CEORD-DL-M
Phone: 513-684-6249

HEADQUARTERS POC:

Name: J.R. Gibson
Office: CEMP-RF
Phone: 202-761-4709

SUPPORT DISTRICT (ASR) POC:

Name: Dennis W. Gilmore
Office: CELMS-PM-M
Phone: 314-331-8108

ASR/INPR TEAM POC:

Name: Jason B. Adams
Office: CEHNC-OE-DC-D
Phone: 256-895-1556

3. **SITE DESCRIPTION:** The former Cleveland Plant consisted of approximately 3 acres. The site currently serves as an office and warehouse facility for Allied Carpet Shop, Inc. and as a storage facility for Aero Uniforms. These businesses operate out of the original structure and an addition which has been constructed.

4. **SITE HISTORY:** The Cleveland Plant, the Offense Section of

the Chemical Warfare Service Development Division, produced mustard gas between March and November of 1918. Research revealed a set of photographs from a manuscript showing men in protective suits emptying a barrel with a caption indicating mustard was in the barrel. Analysis of the photos, by comparison with maps and the present site, lead the Site Inspection Team to conclude that this activity took place behind the old plant in an area now covered by an addition.

5. PROJECT DESCRIPTION:

Area	
Size:	3 Acres
Former Use:	CWM Manufacturing Plant
Present Use:	Allied Carpet Shop, Incorporated
Probable End Use:	Same as Present Use
Ordnance Presence:	Potential
Types:	Buried Mustard

6.0 CURRENT STATUS: The Archives Search Report (ASR) for the former Cleveland Plant was completed in December 1993 by the US Army Corps of Engineers, St. Louis District.

7. STRATEGY:

Area: EE/CA

8. ISSUES AND CONCERNS:

Photographs included in the ASR show a chemical being poured out for burial. The suspected area of this burial site is now covered by a concrete floor. There is a possibility of additional burial sites existing on adjacent properties particularly in an area across Taft Street, directly south of the former plant. The RCWM Team reviewed the ASR and recommended a RAC 2 with an EE/CA. The RAC in the ASR reflects a score of 1. However, due to an error in Part II of the RAC worksheet it should have been a RAC 2. The Technical Advisory Group (TAG) recommended that this site have an EE/CA performed.

9. SCHEDULE SUMMARY: EE/CA

10. FUNDING/BUDGET SUMMARY: For Official Use Only
